
COMMERCIAL DATA SCIENCE INTERN

About O-I:

Remember the last time you opened a bottle of champagne, a cold beer after a hard day's work or a bottle of sparkling mineral water to quench the thirst, well it was probably made by us, [we are O-I](#) and we love that we make more glass containers than anyone in the world.

O-I has more than a century of experience crafting pure, sustainable, brand-building glass packaging for many of the world's best-known food and beverage brands. We are proud to provide high quality glass packaging for beer, wine, spirits, food, non-alcoholic beverages, cosmetics and pharmaceuticals.

With nearly 24,000 employees and an unparalleled footprint spanning almost 69 plants in 19 countries, O-I is a truly global maker of glass packaging.

From engineering and manufacturing to brand development, [design and innovation](#), we are dedicated to providing unique solutions to exceed our customers' expectations and fuel consumers' desire for glass.

First, let us start with some testimonials of our former interns speaking about their experience:

"I would highly recommend this internship. The managers and coworkers are extremely helpful and you will surely learn a lot about how demand planning works in an international company." A, 2023

"I have had the opportunity to apply theoretical concepts that I learned in school in a real work settings." L, 2023

"I enjoyed the internship experience a lot. Learning extensively, having a supportive and insightful manager, gaining knowledge beyond school curriculum, and connecting with diverse managers and professionals from various regions were particularly fulfilling aspects for me." M, 2023

How does your day look like in a global environment ?
